

## EXPERIENCE *freelance since 2009*

**Commissioned photography** for various companies including: Wakefield Hearing, Monsanto Co., The United Grain Corporation, Farmers Elevator of Eldred and Farmers Elevator of Honeyford.

**CD cover design** for Dr. Seth Custer, recipient of the Distinguished Composer award from the Music Teachers National Association.

**Design work** for the Honeyford Agronomy Center and Monsanto Co.

**Website** for a large international export company, UGC (Mitsui).

**Music video** for Farmers Elevator of Honeyford. Created to honor the American Farmer and presented as a shareholder gift. I did art direction for the song, and with a partner, shot the video. We assembled and edited using After Effects.

**Working with a team** for ten years as a writer and designer for the *Far Above Rubies* newsletter.

**Various websites** for local and non-local companies including customized CMS based sites using WordPress.

**Extensive digital and print work** including professional posters, flyers, brochures, letterheads, logos, business cards and sign design.

## PROFILE

I am a flexible artist proficient at modern design techniques and creative thinking; a perceptive photographer and skilled illustrator, with a strong focus on photo compositing and magazine layout. A professional with an ability to evaluate all work with a client oriented, editorial eye. I am a problem solver, focused and creative, able to organize workflow in order to meet restrictive deadlines. I employ critical observation and accomplished artistic skills to arrive at an effective solution to any design challenge.
